Other comments:

I feel like you communicate really well and provide the right level of support and service. You do an excellent job.

I would like Selly Oak Nursery School to start even earlier. I would like more places for 2 year olds so that they build a good foundation and help them to develop.

The only thing I can think of is with regards to the CAT sessions, which are really helpful. I would often come with burning questions but the agenda wouldn't allow for me to always raise these. A question and answer format session or as part of a session might be an idea.

Next steps

- Continue to ensure that all links with external agencies are maintained.
- Speak with the CAT worker to suggest a question and answer session, perhaps as part of the first coffee morning in October.
